

## Wall Mounted Document Panels

PVA40225

PVA42XS

Hold literature and documents to hand, improve paperwork efficiency, organisation, location and control in any application. Ideal for literature, invoices, despatch notes, work in progress, production orders, quotations, stationery and much more.

- Access information quickly, so saving time and money.
- Organises documents and files for easy accessibility.
- Prioritise projects by simple re-arrangement of paperwork.
- Keep desks and other work surfaces clear, utilising wall space.
- Documents supported from underneath for neat, clear display.
- Heading strips and area for self-adhesive stickers (supplied) to identify each column and pocket.
- Supplied complete with wall mounting kit.
- Purpose made panels available to order for your exact document size, pocket depth and number of rows and columns to suit your application. Please enquire for details.

Size	Pockets	Panel Size (mm)	Visible Edge (mm)	Model	Price Black	Price Silver

The System is completely flexible allowing customised panels to be manufactured to your own specific requirements. Tailored to suit your needs, whether twenty, two hundred or two thousand pockets

- Paper size, orientation and the amount of the document which is visible can all be specified
- Large or small documents can be accommodated, single sheets or batches so that all related paperwork is on hand
- Tell us your needs, and we will design Purpose-Made Panels to suit.
- Typical Applications include holding and displaying production paperwork and job sheets, scheduling paperwork for the next batch, shift etc and filing procedures, quality documents and safety sheets.

## Purpose Built Document Panels

## Multi-Column Card Racks
